On April 25, 2012, the Bureau of Land Management (BLM), Salt Lake Field Office, received a copy of your Notice of Intention to Commence Large Mining Operations (NOI) from the Division of Oil, Gas and Mining (DOGM), submitted to them on April 16, 2012.

That NOI encompasses both your existing mineral material sale with the BLM that is located in T. 8 S., R. 1 E., SLB&M, Section 27, E1/2W1/4, serialized U088526 and the several acres of disturbed land outside your permitted area on which you are currently in trespass.

Your NOI received from DOGM is hereby denied due to continuing unresolved trespass issues on federal lands by your company in this area. The only authorized activity at this time at this site is your reclamation of the areas disturbed outside of your existing sales contract.

Once we have determined your trespass liability we will contact you with that information.

If you have any questions regarding this matter, please contact Larry Garahana of my staff at (801)977-4371.

Sincerely,

Michael G. Nelson
